TRUST PROPOSAL APPLICATION

IMPORTANT

Please note that this form is required for formal reviews of the project by the Trustees and Chief & Council and from time-to-time, Bigstone Cree Nation Members. It is also necessary if the Accountable Body is requested to make decisions that materially affect the project, including changes or modifications to the original plan. It is the responsibility of the Project Director to complete the form, assisted by the Project Team or Society/Committee.

Executive Summary

Title of your proposal: Calling Lake Skills Development Project – First year Operations.

Project Start Date: April 2026

Expected end date: March 2027

Executive Summary

This Summary gives the reader a concise overview of the project's purpose; the team's research; progress; and process of the project. Summarize the importance of the project and its main objective.

Unfortunately, Calling Lake is still going through many social challenges with our youth due to many factors. And this is not new for our First Nation Communities in Canada. First Nation youth are troubled such as never before because of drug and alcohol abuse. Calling Lake suffers from lack of economy, businesses, industry, resulting in lack of job and training opportunities. Youth have nothing to do, so they end up with negative lifestyles.

The main goal for this year, is to set up and make operational a youth development office and building at Calling Lake as per Chief and Council's plans, and to primarily begin the process of providing skills development for the youth in Calling Lake for employment preparation, education or trade/professional careers.

This will be the First Year Skills development and work projects for the community of Calling Lake. Disadvantaged Youth primarily with low level education and lacking job skills will be priority. Also work with Bigstone Wellness, ISETS, and Restorative Justice regarding the youth who are suffering from substance abuse, crime and homelessness.

Create similar mandates and skills training that Bigstone Youth Development in Wabasca has experienced in getting youth working and promoting going back to school and career planning and positive lifestyles.

Youth will be assessed and encouraged in the areas they have an interest in. After Assessment they will be referred to their required Mental Health and Substance Abuse work, if relevant.

Community projects benefitting Calling Lake membership, especially elders, children, youth & single parents.

I have been working with Wallace Houle, Bigstone Public Works operator, in Calling Lake, for many years now and I have found him to be huge asset in the projects that we've done and continue to do, such as rink maintenance, preparing gardens, and delivering garden boxes. And I cannot forget the awesome people that I have worked with and who have now passed on, but I have fond memories of them. People like Francois Auger, Avarid Mann, Mike Cardinal, Gilman Cardinal, Simon Anderson, Job Corps management and personnel, and several others who cared about the community of Calling Lake.

TRUST PROPOSAL APPLICATION

Description

Describe the nature of the project, it's overall goal and value to the Membership and to the Community. Be concise and brief without sacrificing the necessary details. Start your message with a brief introductory sentence followed by bullet points to highlight the purpose of the project.

This project will give opportunity to the youth to better the outcomes of their lives in hopes of saving some youth in the process and preparing them for a better future. We will utilize any of the communities unused buildings and eventually advocate for other dollars to build the required space to operate.

Similarly, a vehicle and smaller equipment for transportation, maintenance will be required for various projects.

This will give opportunity to these communities to continue the projects that will begin. Community members will be given opportunity to be hired and trained in leadership and the running of the programs.

- . Firewood projects
- . Chainsaw safety
- . Safety tickets
- . Ongoing upgrading and skills training
- .

Skills that will be developed by the youth on the following projects:

Outdoor rink

- Learn how to operate various equipment, and youth will gain knowledge about diesel & gas fired equipment, i.e, mixing oil & gas for 2 stroke engines, maintenance
- Gain tools & maintenance skills through fixing or replacing rink siding and dugout,
- Learn basic carpentry skills, including how to read a measuring tape and using various other carpentry tools
- work experience is a short period spent in a workplace, usually by young people, to learn what it is like to do that kind of work

2. Firewood Project: On and Off Reserve

Work Outline: Securing logging truck loads of wood from oil companies, ALPAC or construction partners that BCN is working with. The other way is to go into the bush and select the proper dry trees.

Equipment used: Chainsaws, wood splitter, and possible access to skid steer .

Split firewood blocks with wood splitter, axes

Firewood Delivery to membership with trucks or trailers.

Skills developed by the youth on the firewood project

Youth learn:

How to operate chainsaw, wood splitter, skid steer with log grapple and snow bucket attachments.

How to mix oil and gas for small engines (chainsaws, weed eaters, etc)

3. Community/Individual gardens preparation, On and Off Reserve

Work Outline – Identify an area for a community garden and individual gardens for membership.

Motorized hand tiller for gardens maintenance

Tools: Garden hoes, rakes, shovels

Skills developed:

Youth:

Will learn how to operate equipment and equipment maintenance

Learn everything about gardening including the type of soil needed for a good garden,

Learn how to operate garden equipment

Goals of your proposal

You should provide data that describes relevant statistics and qualitative observations that outline the requisites of your project. Make it easy for the reader to understand why your project is important, how it is uniquely suited to address a specific challenge/barrier and how it will meet the needs of Membership and the Community.

Our goal is to give hope and encouragement to our high-risk youth and for them to stay out of trouble by promoting positive lifestyles and training opportunities.

- Ongoing skills development training for youth 15-30 yrs old.
- Community service projects that meet the needs of all membership
- Culturally sensitivity teachings: to teach youth the wisdom and traditional way of life was to always respect, honor and take care of elders, handicapped and single parents.

Target Timelines and outcomes for each Quarter (provide a brief summary):

July-September

- Community services, such as grass cutting and park maintenance

October-December

- Firewood project
- Preparation of outdoor rinks.

January-March

- Firewood project
- Outdoor rink maintenance

April-June

- Preparation and maintenance of individual gardens.
- Park Maintenance

Evaluation Plan: *What results do you expect to achieve over the course of the project? How will you know when the project is completed that your goals and objectives have been met?*

Our focus, of course is to help as many youths as we can with basic life skills, training, operations of equipment, communication, and overcoming low self-esteem. Due to the misfortunes of home life situations, and not having

the supports in their lives, many youths do not have the opportunity of realizing their full potential, visions, goals and/or to recognize their abilities in higher learning experiences or job opportunities. Our program is to help steer them away from negative habits. As explained earlier, through the youth skills training, children, youth, elders, members, single parents, handicapped will benefit through these community service projects. Success is measured by the number of youths improving their lifestyles, going back to school or working full time. Youth upon receiving new skills generally do not have a problem finding employment. Encouraging youth to try for their learner's licence and safety tickets while employed with our department also helps.

List the resources needed for the project:

Describe the manpower, tools and resources being utilized to achieve the goals of the project.

- *Briefly describe the activities and methods you/your team will employ to achieve your goals and objectives.*

Which departments will oversee specific aspects of the plan and what programs or information are they using?

- *What results do you expect to achieve?*
- *What criteria will you be using to measure success?*
- *Will you be subcontracting out? Briefly describe who, when, where, why and how?*
- *The reader should be able to understand who manages certain deliverable.*
- *Members at Large will need WCB and Insurance to undergo Trust Proposal Projects.*

- Skills and hands on skills development for youth
- Hands and power tools training
- Various gas-powered engines training such as: lawn mower's, weed whacker, log splitter, chain saw.
- Heavier equipment: skid-steer with various attachments and John Deere tractor
- Repair and maintenance training of Calling Lake's outdoor rink and dugout (change room).

- Opportunity for creating greater economic independence ☒

What research and/or studies have you/your team completed to determine the requirements of membership or the community, that this proposal will provide?

Sadly, we do not need to do a study, because we see the many challenges plaguing our youth today. Many deaths resulting from drugs and alcohol abuse, suicide, gangs, homelessness due to addictions or lack of work skills, which makes a lot of youth unsure about their future. We can provide skills development for youth that want to quit this kind of lifestyle, but we will require proper and support funding to do so.
